

Prairie Path 30% Intense Softening Urea Stick

Recommended because it helps promote the healing of hyperkeratotic skin and other skin conditions like cracked heels, corns, calluses, rough skin and dry skin.

Contains:

- Contains 30% Urea which helps soften and break down thick, dry skin.
- Provides a targeted, dry application, that doesn't ooze between toes.
- No mess, no waste and no need to wash hands afterwards.
