

Prairie Path Moisturizing Foot Cream

Recommended because it helps promote the healing of chronic dry skin and other skin conditions like dry cuticles, brittle nails, cracked heels, calluses and dry skin all over the body.

Contains:

- Aloe Vera, which helps reduce redness and inflammation and speeds healing
- Shea Butter, a powerful emollient that moisturizes dry skin
- Jojoba Oil which soaks deeply into skin and helps create a protective layer.

Natural and organic ingredients make it safe for all patients to use - Diabetics, Celiac patients, children, pregnant or nursing women, older folks and those with compromised immune systems.

Also beneficial for patients going through radiation and chemotherapy, patients with eczema and those needing relief from sunburn.
